TO : Project Contracting Officer

SUBJECT: Playback Equipment for System 1 (\$18,123)

1. Reference is made to the attached letter from the Department of Air Force, file reference AFOM-1A3 dated 7 June 1956, in which the Director of Intelligence for the Air Force requested that we procure as a portion of one of AUMATHE's contracts two sets of the subject equipment at a cost of \$20,000.

2. In discussing this item with the controller of the Air Force, Director of Intelligence (Captain Kuhlman, code 131, extension 66712) it was disclosed that there was a misunderstanding as to the cost of the items and accordingly, the request was reduced from two units to one unit at a cost of \$18,123.

3. Captain Kuhlman advised that they actually need two pieces of this playback equipment but because of budgetary restrictions he was unable to authorize in excess of \$20,000 from 1956 fiscal year funds and he suggests our obligation on their behalf should be in the amount of \$18,123, with the understanding that they will communicate with us further with respect to procuring another item of equipment after their 1957 fiscal year's monies have been made available.
